Note on Insurance Cover

The diving health examination and the sports medical examination both entitle to participate in freediving competitions according to the VDST freediving competition rules. If the participant payed the annual fee of the VDST association or is a direct member of the VDST, he /she is insured under the VDST sports insurance with the insurance company HDI in accordance with the content there.

In the case of a valid diving health examination, you get a higher benefit in the local accident insurance sector than without the valid diving health examination. In contrast, only sports medical examination does not comply these requirements for a higher insurance benefit.

Information can be found on the VDST website; actual (February 2018) under the link <http://www.vdst.de/fileadmin/dateien/Versicherung/VDST-Tauchsportversicherung.pdf>; in the brochure under the section "Accident Insurance" starting on page 4.

I have taken note of the information on insurance coverage!
